TECHNOLOGIES FOR ELEVATED LIFE QUALITY

■ WATER PURIFICATION

Anti-bacterial and disinfection systems ensure clean and safe water.

■ ENHANCED SOUNDPROOFING

Significantly reduces noise pollution with acoustic glass & glazing system, additional acoustic layers in inter-apartment spaces.

■ DRINKING WATER

An extra filter, R.O. PLANT, is included in the kitchen to make water drinkable.

■ HEATED BATHROOM FLOORS

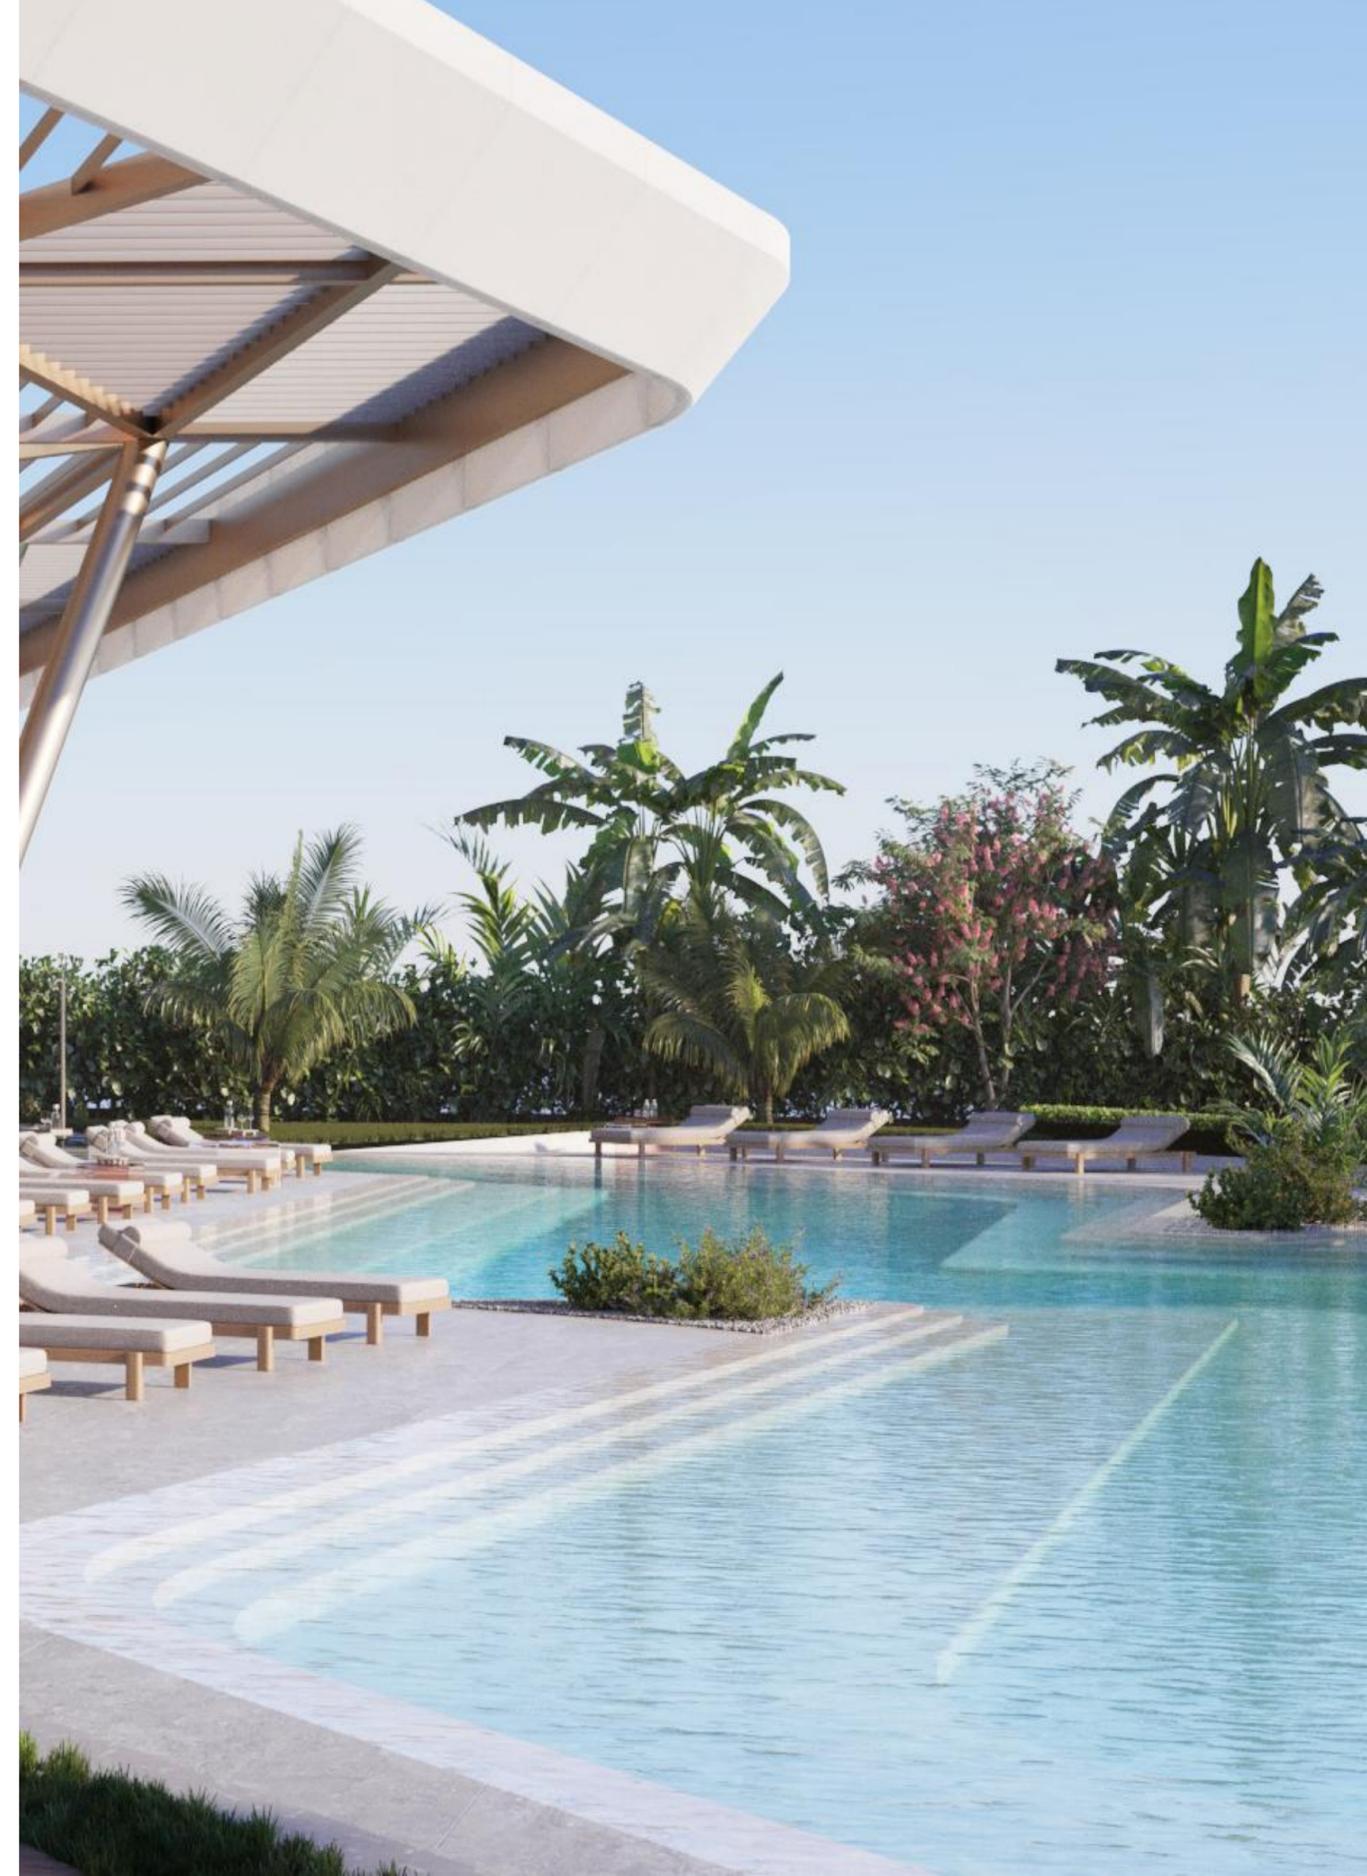

An advanced solution for premium interiors. Heated floors in the bathrooms ensure dryness and luxurious comfort.

■ MULTI-STAGE AIR FILTRATION

Provides a healthier living environment by removing pollutants and allergens from the air, preventing dust, and meeting medical norms in hospitals.

■ WATER INSULATION

Advanced roof waterproofing systems, façade systems, exterior cladding systems, water evacuation glazing, comprehensive drainage systems from roof to basement providing superior weather protection.

APARTMENTS

A wide-angle photograph of a modern apartment balcony at dusk. The balcony features a curved white railing and a dark, round table with four contemporary chairs. A small potted plant sits on the table. In the background, a cityscape is illuminated with lights, and the sea is visible under a twilight sky. The Burj Khalifa is visible in the distance. The balcony is part of a larger building with large glass windows and doors.
